

PEAK FULL FOCUS MEASURING LOUPES

Features

- High precision optical quality achromatic lens system with focusing from +2 to -2 diopters gives you a needle-sharp, brilliant image from edge to edge
- Comes complete with measuring reticle, protective carrying case and lens cleaning cloth
- Fully coated for color corrected flat field viewing
- 360° clear acrylic base admits light from all directions
- Smooth helicoid twist focus mechanism comparable to those used on high quality camera lenses
- Removable glass reticles with black scales
- Optional light source available (see below)
- Optional reticle with white markings for catalog # TS2015, TS1975 and TS1983
- See pages 16 and 17 for optional reticles
