

PRODUCE SHARP EASY TO READ IMAGES WITH START'S ALL NEW WHITE RETICLES

Features

- Accurately measure and inspect negatives and other dark or light surfaces
- **Upgrade your existing 7X or 10X loupe**
- High quality optical glass construction
- Reticle image is on bottom to minimize parallax error and increase accuracy
- Available in two of our most popular patterns

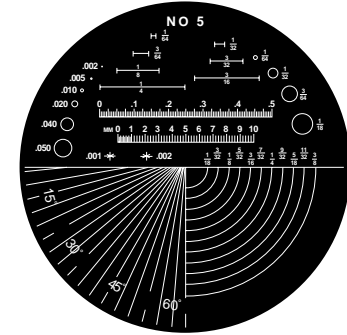

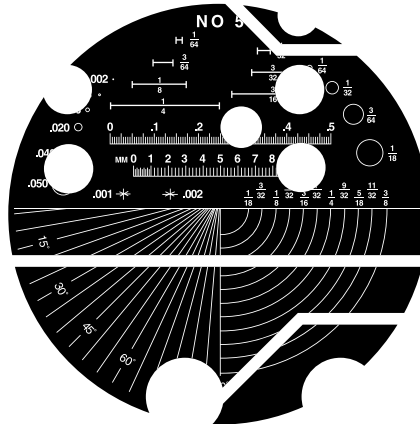

BEFORE

Standard black reticle disappears on dark surfaces

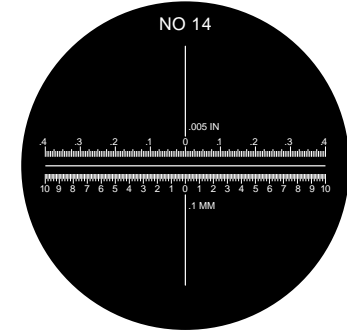

AFTER

New white reticle reads easily on both dark and light surfaces
