

# PEAK ZOOM (8-16X) MEASURING LOUPE

## Features

- Smooth precision zoom mechanism with click stops at 8X, 10X, 12X, 14X and 16X
- Both the object being inspected and the scale remain in focus through the entire range of magnification
- High precision optical quality achromatic lens system with focusing from +2 to -2 diopters gives you a needle-sharp, brilliant image from edge to edge
- Comes complete with measuring reticle, protective carrying case, and lens cleaning cloth
- Fully coated for color corrected flat field viewing
- 360° clear acrylic base admits light from all directions
- Smooth helicoid twist focus mechanism comparable to those used on high quality camera lenses
- Dual inch/metric interchangeable glass scales
